

72 HOUR WAIVER

Pure Auto Price

We have over 50+ years in the automobile industry, as ethical people/Pure Agents, we must let you know the importance of having representation of every manufacturer in all zip codes. Please take this time to revisit our website to take another look at the potential your passing on. Another dealership has the right to activate these zip codes for one year, before we would be able to offer them to you again. If at that time you again opt-out we would be unable to meet to discuss your zip code (market share) for an additional 5 years.

Thank you for your consideration
